COSTS

There are costs associated with this league, although there are no fees to play in this league, if a team owner can help with any of the costs it will be appreciated (give money to Commissioner [Phillip]). **Costs include:** Software package, downloading service, printer cartridge, etc.

DRAFT

It was voted **NOT** to selection draft order on draft day but on a designated day before the draft. This will allow preparation to do mock drafts for each franchise. Each team owner will have their name selected, by an impartial non-league person from a group of ten (10) cards, one for each team owner. The first team owner selected will have tenth choice on where they want to draft, the second team owner selected will have the ninth choice, etc., and until the last team owner selected will have first choice on where they would want to draft. For example, the last team owner selected can choose to draft first or choose any draft order position. The ninth team owner selected will then choose any of the available draft positions left. This is done until all draft order positions are filled.

There will be sixteen (16) rounds in the draft. The odd rounds, (1,3,5...15), will be held in ascending order--(1,2,3,4,5,6,7,8,9,10), while the even rounds, (2,4,6...16), will be held in descending order--(10,9,8,7,6,5,4,3,2,1).

Phone: 573-7011

E-mail: commish@hargerfantasyfootball.com

Starting line-ups must be called in, e-mailed or on-line managed before kick-off of each game. If you do not call, e-mail or on-line manage your line-up, it will be taken that you have no changes and the Commissioner will use your previous week's line-up as your current line-up.

***Example:** If a player is starting in a 4:00 p.m. game you have until that time to choose your starter. If you have a Monday night player you have until kick-off of Monday game to choose player.*

NOTE: If you called in a 1:00 p.m. player you can not switch him (after 1:00 p.m.) for a 4:00 p.m., 8:30 p.m., or Monday night player. You can only change a player that has not played yet.

On non-Sunday games, you only need to call in the player(s) that are going to play on those non-Sunday games. If you do not call in your players that played on a non-Sunday game and those players were in your line-up from the prior week, you must start them. Once you made this decision you can not change it after kick-off on those days and if you do not call before kick-off time to let the commissioner know about the player(s) that you want to start, then you cannot start the player(s).

***Example:** This is WK 6 and Brett Favre was your starting QB for WK 5...the Packers play on Thursday for WK 6...you must let the Commissioner know whether you are still starting Brett Favre on Thursday...if you do not, then come Sunday you must change your QB starter.*

NOTE: Not calling in your line-up and keeping your previous week's line-up does not apply to non-Sunday games. On every non-Sunday game player you must tell the Commissioner if you are starting them or not.

PICKING UP PLAYERS

The HFFL does not use the injured reserve, so each team owner must always keep their roster size at sixteen (16) players. Any player not drafted by a team owner is a free agent. Any team owner may use a roster move to add a player to their team. Team owners can make unlimited roster transactions without penalty.

If a team owner adds a free agent to the team then another player must be dropped from the team making that player a free agent. It is **not** necessary to drop a player position for position. For example, if a team owner uses a roster move to add a quarterback to their team, a quarterback does not have to be dropped from the team. You then must wait a week before you can pick up that same player you dropped the week before.

Every dropped player is put on waivers for 24 hours so that all teams can make a bid for that player. If two (2) or more teams make a bid on a dropped player before the 24-hour waiver period is up then the player will go to the team owner with the lowest total power points. If there are no bids on the dropped player during the 24-hour waiver period then the dropped player is then first-come, first-served.

Players may be picked up Wednesday through Sunday (up to game time). **NEW!** Franchises are limited to just one transaction on Wednesday's. On Wednesdays you must have your desired player(s) called or e-mailed No Later Than **9 p.m.** If two or more different team owners pick up the same player on Wednesday, the player will go to the team owner that has the lowest total points in the power point standings. If there is a tie in power points it will be determine by the *Power Points---Week* tie breaking process (see **TIEBREAKERS**).

After Wednesday it is first-come, first-served on un-drafted players until kick-off.

NOTE: The Commissioner will post transactions as quickly as possible after 9:00 p.m. so team owners can see if their transaction(s) went through.

TRADES

Trades can be made anytime Wednesday through Sunday. Trades on Sunday must be called in before 1:00 p.m.

TIEBREAKERS

HEAD-TO-HEAD	POWER POINTS / WEEK	POWER POINTS / YEAR
1.] Year-To-Date starting points*	1.] Year-To-Date starting points*	1.] Head-To-Head
2.] Won / Lost record	2.] Won / Lost record	2.] Won / Lost record
3.] Coin Flip	3.] Coin Flip	3.] Year-To-Date starting points

NOTE: * If there is a tie in the first week of play, the tiebreaker will be non-starting (bench) points.

POWER POINTS

The power points system is a method used to accumulate a score for each franchise to determine the weekly winner and the overall winner. The franchise with the most power points at the end of the year wins.

How do you get power points? If you win your head-to-head match-up you get four (4) power points. This is determined by each of the franchise's starting line-up score according to the HFFL scoring system. Then the franchises are rewarded by what place they come in, this is the bonus power points. If you have the highest starting point total then you get ten (10) power points, if you have the second highest you get nine (9) power points...and one power point for coming in last. You then add the power points and bonus power points (subtract all penalties) to come up with your power point score for the week.

NOTE: Power points will be posted on the following website:
