DRAFT

The draft order will be selected on a designated day before the draft. This will allow preparation to do mock drafts for each franchise. Each team owner will have their name selected, by an impartial non-league person from a group of ten (10) cards, one for each team owner. The first team owner selected will have tenth choice on where they want to draft, the second team owner selected will have the ninth choice, etc., and until the last team owner selected will have first choice on where they would want to draft. For example, the last team owner selected can choose to draft first or choose any draft order position. The ninth team owner selected will then choose any of the available draft positions left. This is done until all draft order positions are filled.

There will be sixteen (16) rounds in the draft. The odd rounds, (1,3,5...15), will be held in ascending order--(1,2,3,4,5,6,7,8,9,10), while the even rounds, (2,4,6...16), will be held in descending order--(10,9,8,7,6,5,4,3,2,1).

NOTE: Two decimal points are used to determine scoring. Scores for players are not final until the first game the following week. The Commissioner will notify owners of changes and make the proper changes to final scores and standings, if applicable.

The Teams that have the same fantasy point total for the specified week (They may not be playing each other), the teams tied will get the higher power point total. For example, , if Team A ties Team C in week 2 for the third highest point total (90.45) for the week, then they both get 8 power points (plus points for a win where applicable).

ROSTERS

Each team owner will draft a sixteen (16) man roster. Each week the team owners must select one of four (4) possible offenses and declare their starters at each position. The four offenses are as follows:

	QB	RB	WR	TE	K	DT
PRO SET	1	2	2	1	1	1
TWO TIGHT END	1	2	1	2	1	1
THREE WIDE OUT	1	2	3	0	1	1
RUN & SHOOT	1	1	4	0	1	1

RED = Standard in every offense.

STARTING LINE-UP

Phone: (937) 573-7011

E-mail: pharger1@woh.rr.com

Starting line-ups must be called in, e-mailed or on-line managed before kick-off of each game. If you do not call, e-mail or on-line manage your line-up, it will be taken that you have no changes and the Commissioner will use your previous week's line-up as your current line-up.

Example: *If a player is starting in a 4:00 p.m. game you have until that time to choose your starter. If you have a Monday night player you have until kick-off of Monday game to choose player.*

On non-Sunday games, you only need to call in the player(s) that are going to play on those non-Sunday games. If you do not call in your players that played on a non-Sunday game and those players were in your line-up from the prior week, you must start them. Once you made this decision you can not change it after kick-off on those days and if you do not call before kick-off time to let the commissioner know about the player(s) that you want to start, then you cannot start the player(s).

Example: *This is WK 6 and Brett Favre was your starting QB for WK 5...the Packers play on Thursday for WK 6...you must let the Commissioner know whether you are still starting Brett Favre on Thursday...if you do not, then come Sunday you must change your QB starter.*

PICKING UP PLAYERS

The HFFL does not use the injured reserve, so each team owner must always keep their roster size at sixteen (16) players. Any player not drafted by a team owner is a free agent. Any team owner may use a roster move to add a player to their team. Team owners can make unlimited roster transactions without penalty. Players may be picked up **Wednesday starting at 6pm through Sunday** (up to game time of each player). Any player dropped will be added to the waiver wire. See WAIVER REQUEST for details.

If a team owner adds a free agent to the team then another player must be dropped from the team making that player a free agent. It is **not** necessary to drop a player position for position. For example, if a team owner uses a roster move to add a quarterback to their team, a quarterback does not have to be dropped from the team. You then must wait a week before you can pick up that same player you dropped the week before. If two (2) or more teams make a bid on a dropped player before the 24-hour waiver period is up then the player will go to the team with the lowest total power points.

The change in rule is to include that the player dropped is placed on waivers--then owners could put in for the player on the waiver request application (excluding owner who dropped player).

WAIVER REQUEST

The waiver request period to pick up **Free Agents** starts on Tuesday's at 5am through 9pm throughout the season. All franchise owners have until this time to submit their requests. Franchises are limited to just one transaction on **Tuesday's**. On **Tuesdays** you must have your desired player submitted before the waiver request period is over. **NEW!** The League **did away with** the "Tuesday" procedure for 2012. No longer does the lowest in PowerPoint standing gets the player on Tuesday's waiver wire process. The system maintains a season-long rolling waiver order, moving the franchise that picks to the bottom of the list. Once a player is dropped, he is "locked" for 48 hours. After this waiver period expires the dropped player is then first-come, first-served. If the player is not claimed he becomes a free agent. The team owner, who dropped the player, if they wanted, could pick said player after the waiver period (waiving the previous "wait one week rule"). The player that clears waivers should be available immediately (by anyone).

TRADES

Trades can be made anytime Tuesday through Sunday.

TIEBREAKERS

POWER POINTS / WEEK	POWER POINTS / YEAR
1.] Year-To-Date starting points*	1.] Head-To-Head
2.] Won / Lost record	2.] Won / Lost record
3.] Coin Flip	3.] Year-To-Date starting points

NOTE: * If there is a tie in the first week of play, the tiebreaker will be non-starting (bench) points.

NEW!!! In Head to Head ties, the points for a win (4) is split between the two (2) teams. For example, if Team A ties Team B in week 2 for the third highest point total for the week, then they both get 2 points for the win added to their power point total.

POWER POINTS

The power points system is a method used to accumulate a score for each franchise to determine the weekly winner and the overall winner. The franchise with the most power points at the end of the year wins.

How do you get power points? If you win your head-to-head match-up you get four (4) power points. This is determined by each of the franchise's starting line-up score according to the HFFL scoring system. Then the franchises are rewarded by what place they come in, this is the bonus power points. If you have the highest starting point total then you get ten (10) power points, if you have the second highest you get nine (9) power points...and one power point for coming in last. You then add the power points and bonus power points (subtract all penalties) to come up with your power point score for the week.

NOTE: Power points will be posted on the following website:
